DAHLIAS

Our Dahlias are sent out in 3 inch pots, strong sturdy plants, true to name. Clients will find this much the cheaper way than when sent by post (Pots must be purchased, an extra expense, and they take at least 14 days or so to establish themselves before being ready for planting).

The various varieties are shown in alphabetical order, and include the following Sections:—Anemome, Bedders, Cactus, Collarette, Decorative, Fancy, Giant Single, Mignon, Paeony and Singles.

* denotes Bedding Varieties.
